Subject: Authorization for Full Release and Re-Assignment of Reclamation Surety, Certificate of Deposit # _____, American Trilobite Suppliers Inc, Red Wheeler Mine, S/027/0112, Millard County, Utah

Dear Ms. Rahhal,

Wells Fargo Bank is presently holding Certificate of Deposit (CD) _____ for the benefit of the State of Utah, Division of Oil, Gas and Mining (Division), as a form of reclamation surety for American Trilobite Suppliers' Red Wheeler Mine.

The Division recently received a signed and notarized permit transfer request from transferor American Trilobite Suppliers, Inc., (Jake Skabelund) and transferee Trilobites of America LLC (Jason Cooper). The Division is ready to approve the mine permit transfer from American Trilobite Suppliers, Inc., to Trilobites of America LLC, conditional upon receipt of adequate reclamation surety.

In phone calls between you and Penny Berry (Division), you have stated that the two referenced parties have signed appropriate documentation allowing the full principal of \$7,600 in the existing CD to either be released and immediately placed in a new CD in the name of Trilobites of America, Inc, or for the existing CD to be retitled in the name of Trilobites of America Inc. **The Division authorizes Wells Fargo Bank to perform either action with the result that a new CD with a principal amount of \$7,600 be created in the name of Trilobites of America, Inc.** Should Wells Fargo choose to create a new CD, a new CD Agreement letter will need to be completed. The CD Agreement letter can be found at https://fs.ogm.utah.gov/PUB/MINES/Minerals_Related/FORMS/MR-CD.

The transfer documents received by the Division indicate that the name of the mine is being changed to "Marjum Limestone and Shale". Please ensure that this name is clearly identified as the new name of the mine in all of the appropriate documents. The mine identification number, S/027/0112, will be retained despite the name change.

State law requires that reclamation sureties be maintained for permitted mining operations. The Division requires that any released funds be immediately placed in a new CD and not released to the operator without Division approval.

When this transaction has been completed, please furnish the Division with written confirmation that appropriate funds have been released from American Trilobite Suppliers Inc.'s existing CD, and that the balance of funds retained in the new or retitled CD for Trilobites of America LLC for their Marjum Limestone and Shale mine remains at no less than \$7,600.

Please contact Penny Berry at 801-538-5291 or Paul Baker at 801-538-5261 if you have questions about these procedures. Thank you for your help in this matter.

Sincerely,

John R. Baza
Director
